

NUMA Annual Meeting Continued

Posted on March 22, 2010 by Jerry | [Edit](#)

The main topic of discussion was NUMA's budget. There was a need to increase dues because of increased payments to IEA and NEA. The proposed dues increase was suggested to be 50 cents to keep pace with the increases passed along to NUMA. After much discussion and a motion from the membership a dues increase of \$1.00 was passed. It was felt we needed the additional dues to continue training for the Executive Board and a training program for Building Reps.
